# *DECLARATION OF CONFORMITY*

*DATE OF ISSUE:2026-06-30*
*VALID TO:2028-06-30*

Product: **6550, 10050, 14060, 19065 PP-BAGS**

According to the information given by our raw material suppliers, we confirm that the raw materials used in the product fulfil the requirements and recommendations on packaging materials used for articles or components of articles intended to come in to contact with food according to:

- Regulation (EC) No 1935/2004 on material and articles intended to come into contact with food
- Regulation (EC) No 2023/2006 with amendments on good manufacturing practice for material and articles intended to come in to contact with food
- Regulation (EC) No 10/2011 on plastic material intended to come in to contact with food
- REACH 1907/2006

Overall migration tests are made on similar products. The products meet the requirements regarding overall migration testing to 10% ethanol, 3% acetic acid, 95% ethanol at 40 °C for 10 days.
According to (EU) No. 10/2011, the materials with contact to food may not release more than 10mg/dm2 of substances under the course of testing. The tested samples comply with these requirements.
Specific migration of metals. In compliance with the requirements of Annex II, (1) of the (EU) No. 10/2011 the product sample did not release any excess of heavy metals when subjected to a 3% acetic acid testing, at 40 °C for 24h.
Migration of Polycyclical Aromatic Hydrocarbons (PAHs) & Cadium - In compliance with the requirements of REACH 1907/2006 with amendments.

# *DECLARATION OF CONFORMITY*

*DATE OF ISSUE:2026-06-30*
*VALID TO:2028-06-30*

The product complies with The Packaging and Packaging Waste Regulation (EU) 2025/40 (PPWR) on Heavy metals. The sum of the concentration levels of lead, cadmium, mercury and hexavalent chromium is below 100 parts per million by weight.

Regarding Article 5 (5) on per- and polyfluoroalkyl substances (PFAS) in Regulation (EU) 2025/40, No PFAS is intentionally added, and the total flour content is below 50mg/kg in the product.
More detailed documentation, such as full laboratory test reports, is normally only shared in response to regulatory requests or regulatory matters.

Intended use

Intended for all types of foodstuffs
Temperature between -40°C – Hot fill (100°C for 15min max)

Disclaimer

- The declaration of compliance presupposes that the packaging material is processed properly. The assessment of the suitability of packaging material for the intended application is the responsibility of the user. Possible interactions of packaging material and its components with product are to check according to end use of food packers.
